Define Problem Statement (Customer Problem Statement):

I am a loan applicant trying to check my loan eligibility and apply for a loan, but I don't know whether my loan application will be approved because approval depends on factors like income, credit history, loan amount, and employment status, which makes me feel confused and uncertain.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A loan applicant	Apply for a home loan	I don't know if my loan will be approved	My financial details and credit score are difficult to evaluate	Confused and uncertain about my application
PS-2	A self-employed customer	Get a loan quickly	Banks take a long time to verify my eligibility	Manual verification takes more time	Frustrated and worried
PS-3	A first-time loan applicant	Check my loan eligibility	I have no previous loan experience	I don't understand the approval criteria	Nervous and confused
